# COLLEGES AND SCHOOLS.

For full list of Academies, &c., see page 106.

## STATE NORMAL SCHOOLS.

(*Established by Law*, 1838.)

The State Normal Schools are designed for those *only* who purpose to teach, and especially for those who purpose to teach in the Common Schools. Of those who avail themselves of the advantages of these schools, and who afterwards become teachers in the Common Schools of Massachusetts, no tuition-fee is required.

There are at present five in the Commonwealth, as follows: —

**State Normal School, Framingham.**

Established 1839.

FOR FEMALES ONLY.

Ellen Hyde, *Principal.*

Originally established at Lexington, July 3, 1839. Transferred in May, 1844, to West Newton; from thence, in 1853, to Framingham.

### State Normal School, Bridgewater.

Established 1840.

FOR BOTH SEXES.

Albert G. Boyden, A.M., *Principal.*

Male applicants for admission must be at least 17 years of age; female applicants, 16. Tuition free. Board at cost. Two courses of study; one of two years, another of four years.

### State Normal School at Westfield.

Incorporated 1844.

FOR BOTH SEXES.

J. G. Scott, A.M., *Principal.*

This school first went into operation at Barre, Sept. 4, 1839. In 1841 it was suspended, and in September, 1844, was recommenced at Westfield.

### State Normal School at Salem.

FOR FEMALES ONLY.

Opened Sept. 13, 1854.
Daniel B. Hagar, Ph D. *Principal.*

### State Normal School, Worcester.

Established 1874.

FOR BOTH SEXES.

E. Harlow Russell, *Principal.*

Rebecca Jones, Charles F. Adams, Florence Foster, Juliet Porter, Henry W. Brown, Helen F. Marsh, *Assistants.*

### Normal Art School.

28 *School Street, Boston.*

Established 1873.

Walter Smith, *Director.*
W. T. Meek, *Curator.*

Tuition free to students residing in the State.

### Harvard University, Cambridge.

Incorporated 1636.

Charles William Eliot, LL.D., *President.*

FELLOWS.

John A. Lowell, LL.D., George T. Bigelow, LL.D., Francis Parkman, A.M., Martin Brimmer, A.B., Joseph H. Thayer, D.D., John Quincy Adams, A.B., Edward W. Hooper, LL.B., *Treasurer.*

OVERSEERS.

The President and Treasurer of the University, *ex officio*, and thirty persons by election. Alexander McKenzie, A.M., *Secretary.*

THE COLLEGE.

Charles F. Dunbar, A.B., *Dean.*

# *Massachusetts Laws and Resolves, 1877.*

## [CHAP. 40.]

## An Act in relation to the METRIC SYSTEM of Weights and Measures.

*Be it enacted, &c., as follows:—*

SECT. 1. That from and after the passage of this act it shall be lawful throughout the Commonwealth of Massachusetts to employ the weights and measures of the Metric System, and no contract or dealing or pleading in any court shall be deemed invalid or liable to objection because the weights or measures expressed or referred to therein are weights or measures of the metric system. The metric weights and measures received from the United States, and now in the treasury of the Commonwealth, may be used and taken as authorized public standards of weights and measures; and these authorized standards shall in no case be removed from the treasury except under necessity for their preservation or repair.

SECT. 2. The following tables shall be recognized in the construction of contracts and in all legal proceedings as establishing in terms of the weights and measures now in use in the state of Massachusetts, the equivalents of the weights and measures expressed therein in terms of the metric system; and said tables may be lawfully used for computing, determining and expressing in customary weights and measures, the weights and measures of the metric system. [See Next Page.]

# THE METRIC SYSTEM

— OF —

# WEIGHTS AND MEASURES.

## Measures of Length.

| Metric denominations and values. | | Equivalents in denominations in use. | |
|---|---|---|---|
| Myriameter | 10,000 meters. | 6.2137 | miles. |
| Kilometer | 1,000 meters. | 0.62137 | mile, or 3,280 feet 10 inches. |
| Hectometer | 100 meters. | 328 | feet 1 inch. |
| Dekameter | 10 meters. | 393.7 | inches. |
| Meter | 1 meter. | 39.37 | inches. |
| Decimeter | 1-10 of a meter. | 3.937 | inches. |
| Centimeter | 1-100 of a meter. | 0.3937 | inch. |
| Millimeter | 1-1000 of a meter. | 0.0394 | inch. |

## Measures of Surface.

| Metric denominations and values. | | Equivalents in denominations in use. | |
|---|---|---|---|
| Hectare | 10,000 square meters. | 2.471 | acres. |
| Are | 100 square meters. | 119.6 | square yards. |
| Centare | 1 square meter. | 1550 | square inches. |

## Measures of Capacity.

| Metric denominations and values. | | | Equivalents in denominations in use. | |
|---|---|---|---|---|
| Names. | Number of Liters. | Cubic measure. | Dry measure. | Liquid or wine measure. |
| Kiloleter or Stere, | 1,000 | 1 cubic meter. | 1.308 cubic yards. | 264.17 gallons. |
| Hectoliter | 100 | 1-10 of a cubic meter. | 2 bush. and 3.35 pecks. | 26.417 gallons. |
| Dekaliter | 10 | 10 cubic decimeters. | 9.08 quarts. | 2.6417 gallons. |
| Liter | 1 | 1 cubic decimeter. | 0.908 quart. | 1.0567 quarts. |
| Deciliter | 1-10 | 1-10 of a cubic decimet'r | 6.1022 cubic inches. | 0.845 gill. |
| Centiliter | 1-100 | 10 cubic centimeters. | 0.6102 cubic inch. | 0.338 fluid ounce. |
| Milliliter | 1-1000 | 1 cubic centimeter. | 0.061 cubic inch. | 0.27 fluid dram. |

## Weights.

| Metric denominations and values. | | | Equivalents in denominations in use. |
|---|---|---|---|
| Names. | Number of Grams. | Weight of what quantity of water at maximum density. | Avoirdupois weight. |
| Millier or Tonneau | 1,000,000 | 1 cubic meter. | 2204.6 pounds. |
| Quintal | 100,000 | 1 hectoliter. | 220.46 pounds. |
| Myriagram | 10,000 | 10 liters. | 22.046 pounds. |
| Kilogram or Kilo | 1,000 | 1 liter. | 2.2046 pounds. |
| Hectogram | 100 | 1 decaliter. | 3.5274 ounces. |
| Dekagram | 10 | 10 cubic centimeters. | 0.3527 ounce. |
| Gram | 1 | 1 cubic centimeter. | 15.432 grains. |
| Decigram | 1-10 | 1-10 of a cubic centimeter. | 1.5432 grains. |
| Centigram | 1-100 | 10 cubic millimeters. | 0.1543 grain. |
| Milligram | 1-1000 | 1 cubic millimeter. | 0.0154 grain. |

**All kinds of Doors, Panel Work, Wash-Stands, Drawer-Cases, Etc., Made to Order.**

Box 314 Mechanics' Exchange, 35 Hawley Street.

**MUSIC WORTH $33.60 FOR $1.50.**

RICHARDSON'S MUSICAL HOURS

The Handsomest, Cheapest, and Best Musical Monthly.

**More Music is given** in a single number than in any other magazine published. Each copy contains EIGHT new th page Vocal and Instrumental pieces, arranged for Piano or Organ. These are all of full music size, and retail for 35 or 40 cents e in sheet form. Thus every number contains at least **$2.80** worth, or **$33.60** in the twelve numbers, for **$1.50.**

**A Premium to every Subscriber** of any 35 or 40 cent piece of music in our selected list. This list comprises latest Songs and Instrumental pieces published; they are selected from the catalogues of over *fifty* different publishers. Daily a tions are made to this list, in order that a supply of fresh music may be always in readiness for our new subscribers. This musi well as "MUSICAL HOURS," is mailed, *postpaid*, **Only $1.50 per year.** Single numbers containing EIGHT bean three-page pieces, for Piano or Organ, and new Premium list, sent *postpaid* for **25 cents,** (in cash or stamps.) **Subscr tions may commence at any time.**

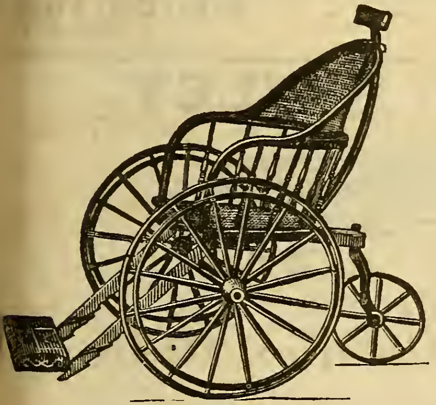
# CODMAN & SHURTLEFF,

## 13 & 15 TREMONT STREET, BOSTON,

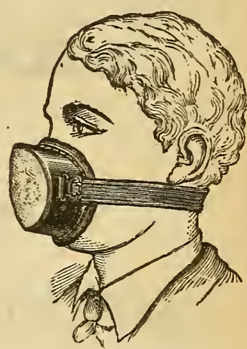
MANUFACTURERS AND IMPORTERS OF

# Surgical and Dental Instruments,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:—



Self Propelling Chair for Invalids.



Anti Dust Respirator.
For Workmen in Paper Mills, Factories, &c.

## TRUSSES.

A LARGE ASSORTMENT OF BEST PATTERNS from which to select to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person two inches below the top of the hip-bone. If the rupture is at the navel, the measure should be around the body at the navel.

N. B.—Ladies attended by those of their own sex.

## ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity, the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

## STEAM AND HAND ATOMIZERS IN GREAT VARIETY.

## NASAL DOUCHE.

**Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, &c. Also Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for males and females; Galvanic Batteries, Hearing Trumpets, Auricles, and Conversation Tubes for the Deaf; together with many other articles for use of the Sick and Invalids.**

A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics' Association, as will be seen from the following report, signed by a leading New-England Surgeon and Physician:—

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

"The Committee have no hesitation in awarding for this superb exhibition the highest premium. * * * The various other instruments for inhalation of Atomized Liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibiters are regarded as more especially deserving of the highest token of merit for having produced nothing except of their own manufacture. GOLD MEDAL.
(Signed) GILMAN KIMBALL, M.D., Chairman."

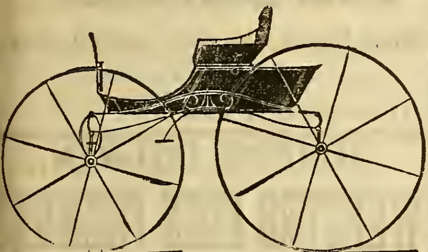
# THE DEXTER BUGGY,

A SPECIALTY.

The DEXTER is an article of real merit. Its claims are for ease, strength, durability, and cheapness.

THE DEXTER IS THE COMING WAGON!



I have them on hand, or manufacture them at short notice. I shall continue to build and repair Carriages of all styles as usual, but anybody in want of a new Buggy or pleasure wagon, should not fail to call and examine my Dexter wagons. All work warranted to be as represented, and no charge for work improperly done. I will not be undersold, considering the quality of work, etc.

**A. N. WHITE,**

*LEE, - - - MASS.*

I also furnish carriage makers with the Dexter Springs and fifth wheels, and by using them they can ave the satisfaction of building the best light carriage that has ever been known. There is no risk, as e purchaser has the privilege of returning the spring in ninety days if not satisfactory. If by reason of a aw or any other cause, with fair usage, a spring or any of the attachments thereto should fail, it will be eplaced at my expense. There is but one quality of the Springs made, and that the best, they are all ade of the celebrated Crescent Steel, and oil tempered by one of the best spring temperers in America. ll correspondence through the mail will be promptly answered, and all orders by mail will receive strict ttention.

---

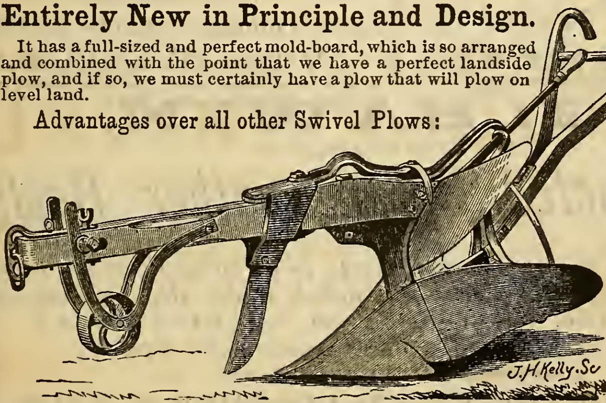
# ELLIS' IMPROVED SWIVEL PLOW,

FARMERS Made Glad!

**Entirely New in Principle and Design.**

It has a full-sized and perfect mold-board, which is so arranged and combined with the point that we have a perfect landside plow, and if so, we must certainly have a plow that will plow on level land.

Advantages over all other Swivel Plows:



It being so made that if you never use it but one way, you always have a perfect centre plow, in shape and in work. It is easy to handle, especially in holding, it is equal to a straight plow. It will do one-third more work than any other swivel PLOW ever made of its size and heft.

FOUND AT LAST!

MINOT ELLIS, . . . . . GREENFIELD, Mass.

## CLARK'S
## IMPROVED SHODDY PICKER.

I would most respectfully call the attention of the Shoddy Manufacturers of this country, to the fact that I am now introducing my Pickers much improved. With my twenty years' experience in the business and using the best Steel in the manufacture of the Teeth, and being forged by hand, by skilled workmen, and my mode of Tempering, renders them superior to any in the market. Since removing to my new shop, my facilities are such as insure Good Work, and Promptness in filling orders. Repairing and Re-Teething a specialty. I am now prepared to furnish Machines at short notice. All orders will be promptly attended to. Orders or letters of inquiry, addressed to

[ESTABLISHED IN 1859.]

# WHITTEN & LASCELL,

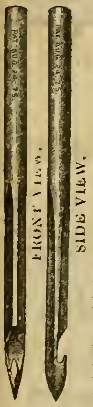
(Successors to Foster, Whitten, & Co.,) MANUFACTURERS OF THE

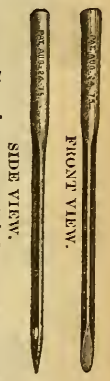
*Choicest and Best Adapted NEEDLES of all kinds for the Finest and Best Grades of Work.*

**Also, McKay and Wax-Thread Needles, Turn-Machine Needles and Awls, McKay & Bigelow Awls, and Drivers for all Machines, Pegging Machine Awls, &c.**

Also, Sole Manufacturers of LASCELL'S PATENT [T] NEEDLE, for McKay, Wax and Dry-Thread Machines.

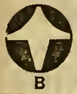
*[Finest Steel and Extra Temper.]* *[All Goods Warranted.]*

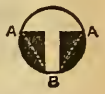




The great advantage that this McKay Needle possesses is, that it has a *thin tongue* (*b*) on the front, extending from the hook to the shank, which leaves a *narrow spur or groove in the leather*, branching off from the main body of the hole. This groove entirely envelopes the thread, and is much less in area than the hole made by the hand-stitching awl, and into *this* the thread is landed, as the needle has risen to its highest point, and jerked the thread up with the utmost tension it will bear; at this point the thread is cast off, and the needle descends to hook up the thread for the next stitch. The thread being tightly wedged into this groove, is held from slacking back, while the tension is released to take the next stitch, and thus all the advantage gained by the tension on the preceding stitch is *maintained*, and the soles are held *as* forced together with no percentage of force lost by the thread slacking back, as is the case with the round hole, which is much larger than the thread will fill. Similar advantages apply to dry-thread needles.

Needles, Shuttles, Bobbins, &c., sent by mail to all parts of the country.





*Enlarged cross sections, showing the relative size of hole made by the Round and the Patent Needles. The full dark circles representing the old style, and the light interior the improved.*

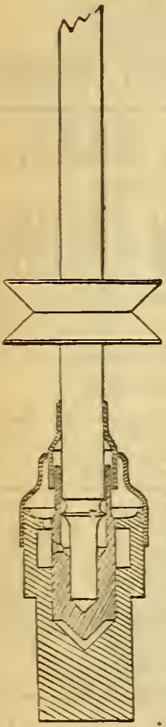
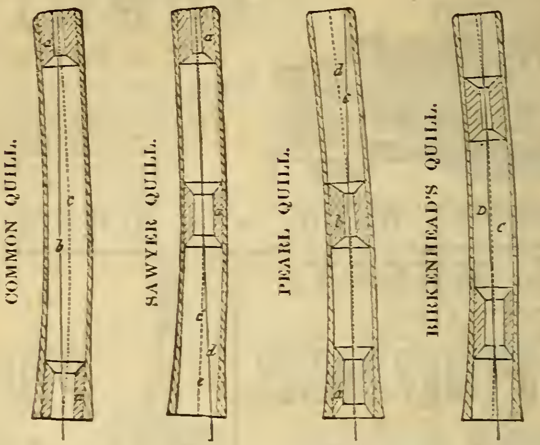
# SPINDLE QUESTION SETTLED:

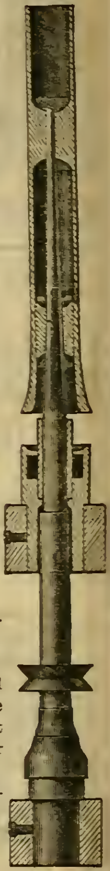




No. 1. No. 2. No. 3. No. 4.

The above Cuts represent sectional views of four equally warped Quills.

Curved, or centre line of quill,............ Spindle line,———



*Question.* Is it a fact that quills warp out of shape?

*Answer.* It is undeniable.

*Q.* How shall we avoid it?

*A.* We cannot, but we can *balance* a warped quill simply by the position of the bushings or adhesive bearings.

*Q.* Why are quills so irregular on common taper spindles?

*A.* By reason of the bushings or bearings being so far apart that, should the quill warp, the holes in the bushings point to different angles. Hence it will not drop to its proper bearing, and should it be pressed down, it will bend the spindle, so that the closer we bring the *bearings*, the nearer they approach a straight line.

In Fig. 1, it will be seen to be out of balance in the middle, in consequence of the position of the bushings, owing to the direction the spind must take. Fig. 2 is out of balance at bottom from the same caus Fig. 3 is out of balance at top from the same cause.

Fig. 4 shows my patent balanced quill, showing the spindle line to *bi-sect* the curved line in such a manner as to virtually balance the quill.

The question now arises, how can a spindle run with little power, when the quill is out of balance? I other words, how can a spindle run true and live long if the quill is not balanced?

Manufacturers will find that my spindles will compare favorably with the best spindles made, in powe speed, steadiness of motion, oiling arrangements, etc., at a less cost, as the improvements are my own, an I have no royalty to pay other parties.

They can be seen running at most of the mills in Rhode Island and Connecticut.

Many parties have given most all other patent spindles a thorough trial, and it is now admitted to b the **STANDARD SPINDLE.**

Parties using other patent spindles, who find it necessary to order additional spindles to repair wit would do well to order sufficient of me for one or more frames, then if they choose, can take the best them to repair the balance of their frames, as this is often done, from the fact that it is as natural for a patent spindles heretofore made and put upon the market, *to need repairs*, as it is for water to ru down hill.

There is no other spindle better adapted to spin filling than the above spindle.

There has not been a single spindle of my improved pattern called for to repair since they have been i operation, and is not likely to be for the next thirty years.

# CURTIS & PARTRIDGE,

MANUFACTURERS OF

## Partridge's Spooler and Winder Guide,

[PATENTED SEPT. 18, 1877.)

RAY & TAYLOR'S BUILDING, WORTHINGTON ST.,

***SPRINGFIELD, MASS.***

*Adapted for use in Thread Mills, Warp Mills, Cotton Mills, &c., both on Spoolers and Winders, in winding from the Skein, Cop, or Bobbin, and in Woolen and Knitting Factories.*

It is superior to any other Guide in use for the following reasons:

It obviates channelling by permitting a horizontal traverse of the thread as the spool becomes filled, and thereby gives an even Tension of the thread in winding.

It evens the thread by cleaning it of all bunches and dirt.

They may be set uniformly to any number of yarn spun, from the coarsest to the finest, and will all gauge alike.

Prevents all waste by winding of the thread on the spindle below the spool.

Will last longer than any other Guide made, and cloth made from yarn wound through it is of more uniform quality.

---

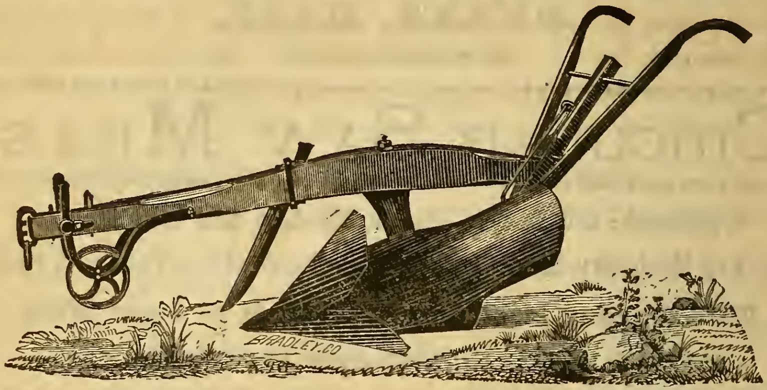
SPECIAL ATTENTION GIVEN TO FINE CASTINGS.

*E. Stebbins Manufacturing Company.*

# SWIVEL OR SIDE-HILL PLOW.



The above is a cut of our celebrated Swivel Plow, No. A 100 (now slightly improved and numbered 1,000.) This Plow has competed at different matches with all the prominent Swivel Plows in the market, and in no case has it yet been beaten. It took the First Premium at the match for Swivel Plows at Greenfield, in September, 1871, plowing against eight of the best Swivel Plows in the country. (See the 22d Annual Report of the Franklin County Agricultural Society.)

We also Manufacture the Celebrated

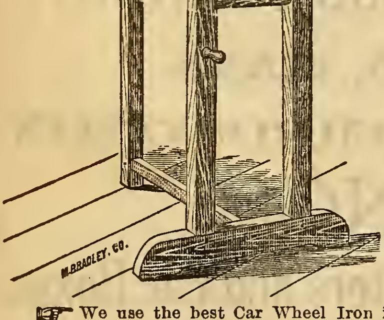
# DOE'S CONVEX MOLD-BOARD PLOW.

This well known Plow has repeatedly taken the First Premium at the New England Fairs and elsewhere, coming in contact with the best approved and most popular Plows in the market, and in no case coming out second best.

It is peculiarly adapted for all kinds of plowing, either turf or old land, smooth or stony. We have made some improvements on the original Doe patterns, making it with higher standard to prevent clogging under the beam, at the same time preserving the peculiar shape of the mold-board, which has made it so popular.

---

# NEW NONESUCH FEED CUTTER.



M.BRADLEY.CO.

Our new Lever Feed Cutter (patented May 25, 1875), is the most simple and durable machine known. Our device for adjusting the lever, being removed from the pivot, enables us to have a stationary pivot firmly attached to the machine, and consequently not liable to get loose, as in all machines where the pivot is adjustable.

We have constantly on hand, of our own manufacture, a complete assortment of

**PLOWS,**
**HARROWS,**
**CULTIVATORS,**
**ROAD SCRAPERS,**
**WHEELBARROWS,**
**STORE TRUCKS,**
**HAY CUTTERS,**
**CORN SHELLERS,**
**TOBACCO RIDGERS,**
**VEGETABLE CUTTERS,**
**Etc., Etc., Etc.**

☞ We use the best Car Wheel Iron in our Plows, and carefully selected Woods. All goods well finished, and strictly first class. Send for Price List.

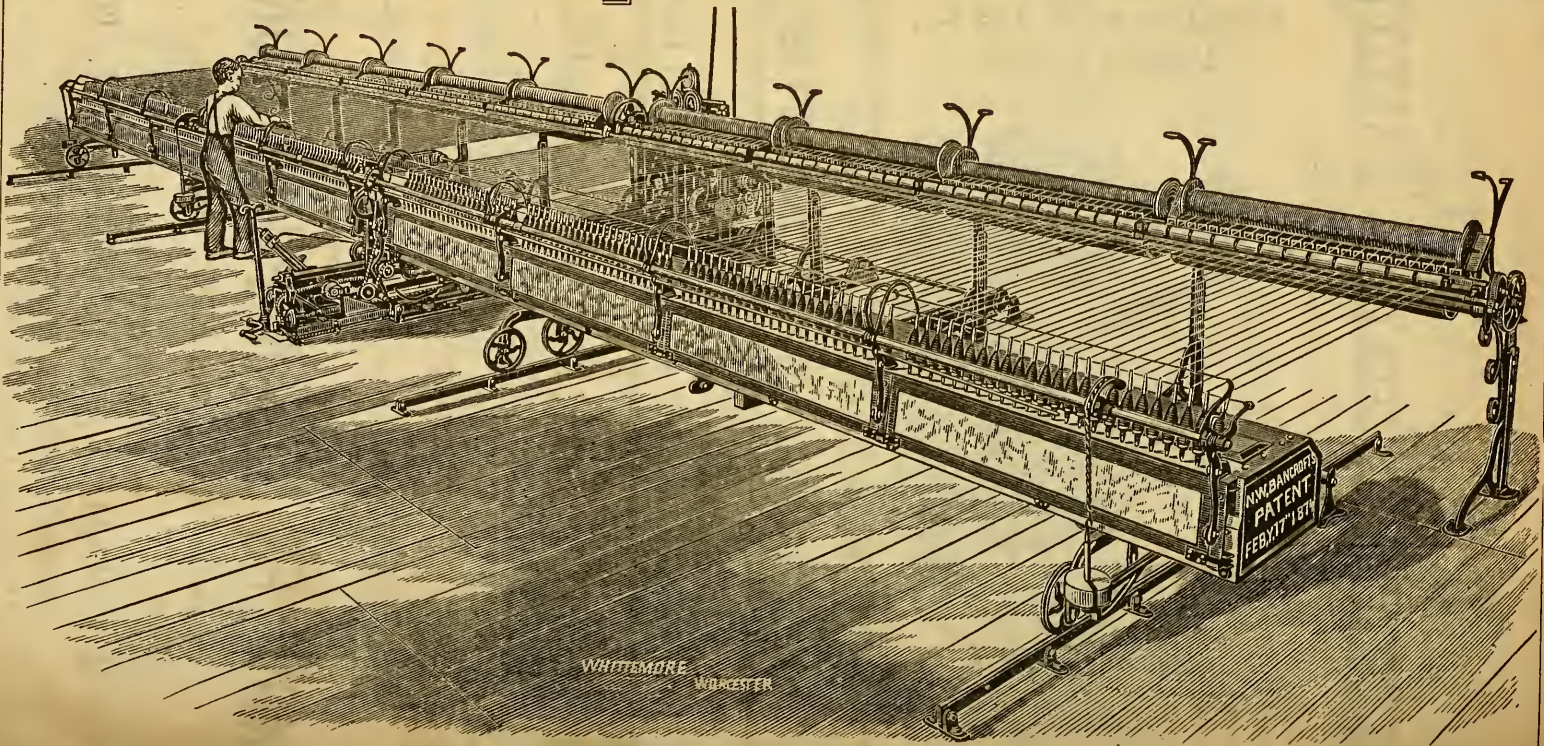
# THE BANCROFT
# Automatic Spinner and Twister.



N.W. BANCROFT'S
PATENT
FEB.Y 17th 1874
WHITTEMORE
WORCESTER

MANUFACTURED BY

J. R. PARKER MACHINE COMPANY, CLINTON, MASS.

# TO WOOLEN MANUFACTURERS.

We desire to call particular attention to our Spinner, illustrated upon the opposite page. Some of the advantages which we claim over any other Mule, are, the doing away entirely with Ropes, Race-Belts, and Squaring Bands, and the substitution instead, of flexible Iron Chains and Steel Race-Shaft, which always operate alike, and do not require adjusting with every change in the weather. We use Cut Gears instead of Cast, making a very light and easy running Machine, the positive motions giving a perfectly uniform twist to the yarn. The ease with which the changes can be made from one class of work to another, so as to spin very coarse or very fine warp or filling, and to make double-and-twist of a superior quality, cannot be equalled by any other Machine in the Market. No one in want of Spinning Machinery should purchase without first looking into the merits of this Machine, and seeing it in operation.

We also manufacture the BUTLER BRAIDER, which is second to none in simplicity, durability, and amount of work which it is capable of doing.

All inquiries in regard to either of the above mentioned Machines should be addressed to

**J. B. PARKER MACHINE CO.,**
A. C. DAKIN, President.

☞ For Clubs of ten or more one free copy will be sent to organizer of Club.

As a **COMMERCIAL PAPER** the BOSTON POST is unexcelled in the New England States, as its Publishers spare no effort or expense to render its Market, Financial and Shipping columns as complete and reliable as any in the country.

As an **ADVERTISING MEDIUM** the BOSTON POST can justly claim to have no superior in New England among papers of its class.

As a **FAMILY PAPER** the BOSTON POST will be found to be an ever-welcome guest, never deficient in news, always readable, racy and reliable.

As the leading exponent of Democratic principles in New England, the BOSTON POST occupies an enviable and undisputed position, and the generous support it receives from the business community, without regard to political belief, testifies to its worth as a *Commercial Newspaper,* complete in all its departments.

The BOSTON STATESMAN, established by the late Nathaniel Greene in 1820, has been improved in many important features, rendering it still more attractive as a family paper, and ensuring for it a hearty welcome in the homes of New England. Its miscellaneous reading for the family circle is of the choicest. Its summary of the week's news complete, and its editorials fresh and sparkling. While adding new and expensive features, as above stated, the Publishers have reduced the price so low as to place it within the reach of all classes, however limited may be their means.

☞ **The Postage on these Papers will be paid by the Publishers. Specimen Copies sent when requested. All orders should be addressed to the Publishers,**

# THE BOSTON HERALD

## FOR 1878.

## A Morning & Evening Newspaper

---

## FIVE EDITIONS EVERY DAY.

---

## The Best Two Cent Paper in the Country.

---

AVERAGE DAILY CIRCULATION OVER 100,000,

*Which is more than the combined circulation of all the other*

BOSTON DAILIES.

---

THE HERALD has one great advantage over most newspapers which come in competition with it: it is

*ENTIRELY INDEPENDENT*

in Politics, and can afford to state the truth about all political events. It belongs to no party or clique; its reports are candid to all parties; and its editorial tone is liberal and tolerant, condemning the wrong and commending the right, wherever they are found.

THE HERALD is the only paper in New England that has

*ITS FORMS STEREOTYPED,*

and the large editions are printed on four Bullock Presses, with a capacity of fifteen thousand completed sheets each per hour. These facilities enable the publishers to hold back the forms to the latest moment, and give their patrons

*THE VERY LATEST NEWS.*

THE HERALD gives its readers more reading matter for two cents than any other newspaper in the country, and it serves the news up in a spicy and spirited form for which it has long been celebrated.

The price of THE HERALD is *two cents per copy*, and it is sold to agents at $1.25 per hundred.

## SUBSCRIPTION RATES.

**Fifty Cents per month, which includes postage.**

☞ No Agents employed to solicit either subscriptions or advertisements. ☜

Advertising rates uniform; and, compared with the enormous circulation, the lowest in the United States. Printed rates furnished on application.

---

## THE SUNDAY HERALD

is twice the size of the Daily, containing a great variety of reading matter, including Voluminous Special News Dispatches and Markets, by Telegraph; full reports of Local News; Editorials; Timely Musical and Dramatic Criticisms; a Business Review of the Week; the best Review of the Boston Stock-Market published, &c., &c. It has a circulation of

OVER 65,000 COPIES.

The price of THE SUNDAY HERALD is **five cents per single copy**; and it is sold to agents at **$3.50 per hundred,** To Subscribers, **Two Dollars per annum.**

All orders should be addressed to

R. M. PULSIFER & CO., Publishers of The Herald,
255 WASHINGTON STREET,
*BOSTON,* - - - - - - - *MASS.*

CURTIS GUILD & CO., Proprietors.

# THE BOSTON JOURNAL OF COMMERCE

is always to be found working in the cause of right, the National honor, and the general welfare of the nation. It opposes injustice, corruption, and imbecility everywhere, and is as fearless in attacking a wrong as it is zealous in defending the right.

It is the paper of business men, of manufacturers, merchants, mechanics, inventors and every man in active life. As an advertising medium it has few equals. Advertisers can see from the many testimonials in our possession

# HOW IT PAYS TO ADVERTISE
## IN THE
# BOSTON JOURNAL OF COMMERCE.

The following are some of the many letters recently received from manufacturers and others, acknowledging THE ACTUAL BENEFITS derived from advertising in our columns. We have selected those which come from different sections of the country as indicating the wide-spread and well-read circulation of the paper.

We consider your paper one of the best mediums for advertising that we have employed. We get more letters stating that our advertisement was seen in the "Boston Journal of Commerce, than from any other source.

JARVIS FURNACE COMPANY.
A. F. UPTON, Agent, Boston Mass.

It affords us pleasure to be able to say that the notice of our sewing machines, which was published in the "Boston Journal of Commerce," has been of great benefit to us, judging from the numerous inquiries and actual sales directly traceable to it.

DAVIS SEWING MACHINE CO.,
L. A. JOHNSON, Secretary, Watertown, N. Y.

The article appearing in the "Boston Journal of Commerce" relative to our exhibit at the Centennial Exposition has been the cause of our selling about fifty refrigerators. We consider the "Boston Journal of Commerce" the best medium in the United States for the purpose of bringing one's business promptly before the large and best classes of people. We have had letters from Europe, relative to our patent, asking in regard to sales, from persons who saw the notice in your paper.

JOHN C. COOPER.
Supt. Smith Dry Air Refrigerator Co., Albany, N. Y.

We had but little faith in newspaper notices before this appeared, probably because we have been humbugged by second and third rate journals, but since your notice of our patent in the "Boston Journal of Commerce," and through its instruments, we have been enabled to make many sales and answered many inquiries.

CARLILE & ELLIOTT, Stubenville, Ohio.

Enclosed please find draft. Papers received and the article therein on the McP. S. V. Pump is satisfactory. We have already derived some benefit from it. Accept our thanks and greatly oblige,

McPHERSON STEAM VACUUM PUMP CO.,
Rockford, Ill.

It gives me pleasure to state that I have found the "Boston Journal of Commerce" an excellent medium for the advertisement of my goods, and for reaching the greatest number of intelligent readers, your immense circulation being of the greatest benefit to advertisers.

JAMES W. TUFTS.
Soda Water Apparatus Manufacturer, Boston, Mass.

We think your favorable notice of our engine has been of great value to us, as the "Boston Journal of Commerce" has a very large circulation among railroad and other business men. We regard the "Boston Journal of Commerce" as perhaps the most widely circulated and most influential and reliable commercial paper published in the United States.

W. H. BAILEY & CO.
National Locomotive Works, Connellsville, Pa.

It is one of the best advertising mediums in the country. Its treatise upon various business interests, markets all over the world, give it a business individuality not aspired to by any other publication. We should feel a greater measure of assurance, that an advertisement or a business article would be read by business men, if published in the "Boston Journal of Commerce," than we should in any other paper. Its writers are skillful, logical and brief, while its management admits nothing to its columns not strictly adapted to the interests of business men.

DOVER STAMPING CO., Boston, Mass.

We are receiving letters of inquiry by scores and hundreds and are encouraged to expect in the future a much larger share, even than heretofore, of the trade in our leading specialties, circular saw-mills, turbine water-wheels, clapboard machinery, planing machines and matchers and joiners. We feel confident that the "Boston Journal of Commerce" is one of the best advertising mediums to be found in the whole country.

LANE MANUFACTURING CO.,
M. TAFLIN, Secretary, Montpelier, Vermont.

The Favorite Family Paper.

# Boston Home Journal,

ENLARGED AND IMPROVED.

## The Boston Home Journal

has entered upon its fifth year under its present management with increased facilities and the mo flattering prospects of still greater success than has already been achieved.

## THE HOME JOURNAL

*STANDS ON ITS MERITS, AS A THOROUGHLY FIRST-CLASS PAPER.*
*IT CIRCULATES AMONG*

People who read and think. People of Enterprise and Liberality. Peopl who are alive and want what is New and Excellent. People who are Progressive.

And it has an exclusive constituency not reached by any other medium, among such people.

## ADVERTISING

pays an hundred fold. With the above facts we would solicit the Advertising Patronage of the busine men, assuring them that no paper of its class ranks higher as an Advertising Medium.

### WHAT THEY SAY OF US:

The BOSTON HOME JOURNAL comes to our table enlarged and improved.—*Sat. Eve. Gazette, Jan.* 12.

The BOSTON HOME JOURNAL has gained an enviable place in the journalism of the Hub, and the publishers are to be congratulated on its success.—*Sunday Courier, Jan.* 12.

A deal of skilled industry goes to the making of such a paper as the BOSTON HOME JOURNAL; and its recent enlargement and improvement seems to represent both business enterprise and public spirit. —*Christian Register, Jan.* 19.

The BOSTON HOME JOURNAL, "the favorite family paper," always neat in appearance and attractive in contents, has made a large addition to its size and quantity of reading.—*Salem Gazette, Jan.* 15.

The BOSTON HOME JOURNAL commences the year enlarged, and we should say improved if there is such a thing as improving this excellent weekly.—*Salem Register, Jan.* 14.

The BOSTON HOME JOURNAL has continued in its brilliant and successful course of improvement until it now claims, on its merits, the title of "The Favorite Family Journal."—*Boston Transcript, Jan.* 12.

With this week the HOME JOURNAL comes ou enlarged, and with some improvements. The pul lishers intend to make it a favorite family pape They will doubtless succeed, as they have show great energy, tact and ability hitherto; and for loca news, musical and other criticism, and a general mi cellany of value, it has few superiors.—*Common wealth, Jan.* 12.

The BOSTON HOME JOURNAL, has added largel to its former attractions as a family paper by in creasing its size and increasing its departments a well. For a local record of all society events, and pleasant Saturday evening paper for the fireside, i has few equals. Its columns are rich in all that i desirable for the family circle.—*Boston Daily Glob*

The BOSTON HOME JOURNAL has been enlarge and greatly improved. It is a favorite first clas family weekly paper, and the publishers have alway shown energy and tact in its management.—*Bosto Daily Traveller, Jan.* 19.

The BOSTON HOME JOURNAL has been enlarge and greatly improved. It is a handsome, interestin sheet and deserves the liberal patronage bestowe upon it.—*Boston Daily Journal, Jan.* 19.

# The Congregationalist.

## A NATIONAL RELIGIOUS JOURNAL.

The CONGREGATIONALIST has never before been increasing in circulation faster than of late. It keeps abreast of the times and discusses the vital questions of the day in religious matters, and especially as they relate to the denomination which it represents. Its recent circular, with replies from nearly one hundred ministers, on the question of Everlasting Punishment, and its own utterances on that subject, have lately brought it more prominently than ever before the public. It has now secured as an editor in New York,

**Rev. A. H. CLAPP, D.D.,**

so that, as to its news matter and its discussions, it is now more than ever truly national, remembering the interests of all parts of the country. We also have a regular letter from Washington, and from Chicago, besides a multitude of correspondents in different sections, who furnish ministerial and church news—a department which is fuller in the CONGREGATIONALIST than any other journal.

Among our contributors are the following:

*Prof. Austin Phelps, D. D.*
*Dr. Leonard Bacon.*
*Rev. Geo. Leon Walker, D. D.*
*Hon. Elihu Burritt.*
*Rev. Reuen Thomas.*
*Mrs. Helen M. Barnard.*
*President S. C. Bartlett, D. D.*
*Mrs. J. D. Chaplin.*
*Prof. W. M. Barbour, D. D.*
*Rev. W. W. Patton, D. D.*
*Mr. J. B. T. Marsh.*
*Miss Charlotte F. Bates.*

## BROADSIDES.

One of the most popular features of the CONGREGATIONALIST is its plan of devoting occasionally an entire page to *one topic*, such as Temperence, Revivals, or the Family.

Among the attractions of the CONGREGATIONALIST which cannot fail, some of them at least, to secure the interest of all classes of readers, are the following:

**Poetry.**
**Editorials.**
**Broadsides.**
**Literary Reviews.**
**News Department.**
**Notes from Abroad.**
**Religious Intelligence.**
**Childrens' Department.**
**Articles of Contributors.**
**New York Correspondence.**
**Washington Correspondence.**
**Sabbath School Department.**
**Agricultural Department.**
**Diary of Public Events.**
**Christian Life and Labor.**
**Other Denominations.**
**Editorial Paragraphs.**
**Puzzles for Children.**
**Large Type Articles.**
**Sketchy Articles.**
**Public Opinion.**
**Mission Items.**
**General Notes.**
**Selections.**
**Gleanings.**

In brief, send for specimen number, if you want a paper which combines vigor and strength, with sound doctrine, and at the same time is attractive and readable.

***PRICE $3.00, POSTAGE PAID.***

# POWER

BY USING THE

# OLDS' GRINDING MILL!

Silver Medal awarded at N. E. Fair, 1867.

**FRANKLIN OLDS,**

(PATENTEE),

***361 & 365 Eddy Street,***

PROVIDENCE, R. I.

To those wanting a good Mill, I do not deem it necessary to publish a long list of letters of recommendation that few will take time to read.

This Mill grinds *cooler* than any other, consequently there is less shrink, and a greater number of pounds of meal from the same amount of corn, than can be got from mills that heat the meal.

It does not clog with damp or new corn, and works well on wet material, Oil Cake, and most difficult things to grind, as the bottom stone is the runner. I build them to drive from overhead. Also Geared Mills.

It does as much work of the same quality, with one-third less power than any other Mill; this is the testimony of those using it both with steam and water power.

All sizes of solid and built FRENCH BURRS of the best quality furnished at lowest New York prices.

FRANKLIN OLDS.

The above cut shows Mill as driven at bottom, also made to drive from overhead.

---

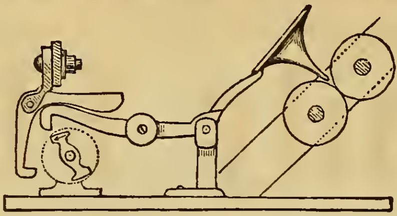
**PROVIDENCE, R.I.**

# TO COTTON MANUFACTURERS.



## STOP MOTIONS FOR DRAWING FRAMES.

This STOP MOTION has been in constant use for the last five years with the best results, giving good satisfaction. This MOTION prevents single drawing from passing into the Cans, also prevents rollers lapping. When a breakage occurs between the Calender and Draft Rolls, or a bunch chokes the Trumpet, or when the Frame begins to make waste from any cause whatever, the MOTION shifts the belt from the fast to the loose pulley instanter. **12,000** in operation.

## STOP MOTIONS FOR RAILWAY HEADS.

This MOTION is a counterpart, or modification of the Stop Motion used upon the Drawing Frame, equally simple and efficient, being built strictly upon mechanical principles, and springs of all kinds have been avoided.

The Belt Shipper is a novelty, and is operated by gravity and the belt combined. No weights, no springs. It strikes a **Gong Bell** when it stops the Head, calling the attention of the attendant to the stoppage of the machine. It has been in constant use for the last two years. **934** have been sold up to Nov. 1, 1877. We are **Making them Rapidly.** This inducement to **MANUFACTURERS** I have to offer, viz.,

## More Yards & Better Cloth at Less Cost from a Bale of Cotton.

The saving by the use of these Stop Motions will cover their ENTIRE COST in one year's run of a Cotton Mill, and in many mills they will save twice or thrice their cost in a single year. I feel warranted in this assertion by the voluminous testimonials received from all around, copies of which are for distribution. These Stop Motions are easily and quickly applied to all frames now in operation, and will last as long as the frame lasts.

Again, I have another great improvement in the weighting of callender rolls on **RAILWAY HEADS** and **DRAWING FRAMES,** etc. A very simple device, which I call a **Compensating Weight Clip,** which takes the place of the ordinary levers, weights, springs, etc. By **this device** the weight is applied in a direct line to the centre, and at right angle to the strand passing through the rolls, and it matters not at what pitch or angle the calender rolls are set. Therefore, no power is lost by pressing the bearings of the rolls, upon or against their stands. In the ordinary way of weighting calender rolls, the weight applied to the top roll has to be sustained by the bearings of the bottom roll, hence the heavy driving and wearing out of bearings and stands. The Clip entirely does away with this evil, inasmuch as there is more friction or pressure on the bearings of the bottom roll, whether there is little or much pressure on the sliver of cotton passing through the rolls. CALLENDER ROLLERS that are nearly worn out, may still be run as long new ones, by the application of this device. Also an improved LEVER and WEIGHT, for keeping the numbers on **RAILWAY HEADS,** a great advantage in keeping numbers.

**Trumpet Clearer and Condenser** combined, taking out selvage, waste, leaves, sand, dirt, etc. For **Cotton Cards** this is a **DOG PUP.**

I am supplying an improved **CUT ROLL** for Power Looms, which winds the cloth snug and square upon the same. A cure for oily and dirty selvages, simple and good. Also a very simple and automatic device for **CLOSING WINDOWS** when it rains. By post, 50c. each.

I am carrying a large stock, and am prepared to execute orders at Short Notice. For further information apply to

**D. W. HAYDEN,**

**J. A. BROWN & CO.,**

Office, 11 Maiden Lane, New York. Factory, 104 Eddy Street, Providence, R. I.

**IMPROVED CENTENNIAL SOAP,**

For Washing. It saves time, saves labor, saves money. Be Sure and Follow the Directions. For a family of four or five, put three large tablespoonfuls of the Soap in your tub and add two quarts of boiling water, let it dissolve, then add two pails of warm water and let the clothes soak for half an hour. Wash them out, rinse them out well and they are ready for the line without the trouble of boiling. If you prefer to boil, add a little of the Soap and boil five minutes. It is warranted to eradicate Grease from Silk, Woolen or Cotton Fabrics. This is not a Washing Powder, but a Soap, and requires no other Soap to be used with it. To Wash Flannels.—Wash them in warm suds and rinse them in warm water. To Clean Paint.—Make good suds of the Soap, apply with a sponge and wipe with a dry flannel. For Varnish and Graining make the suds very weak. For Washing Dishes.—Use one teaspoonful. It is excellent for cleaning Dirt or Grease, Washing Floors or Milk Cans, cleaning Silver, Harness, and is the BOSS for cleaning Gudgeon Grease and to take out Iron Rust. Be sure and ask your Grocer for **Mowry & Hathaway's Centennial or Vienna Soap,** and see that the Fac-simile of the names are on each box. Manufactured at **300** FOUNTAIN ST., PROVIDENCE, R. I. ☞ *None Genuine without the Signature of MOWRY & HATHAWAY.*

Mrs. BAXTER, Physician and Proprietor of Mrs. BAXTER'S

**INDIAN HEALING BALM,**

An Internal and External Remedy, for the Cure of Asiatic Cholera, Rheumatism, Neuralgia, Sore Throat or Diptheria, and other Diseases; Cough and Croup Syrup, a Sure Cure; Tea Syrup, One of the best articles now in use for the Lungs; and Indian Bitters, a Spring and Summer Medicine which cannot be surpassed. Mrs. Baxter can be consulted upon all Diseases, at her Residence, day or night. Her long experience has given her peculiar advantages for acquiring a knowledge of the best mode of treatment, and the proper remedies to apply in individual cases. The Preparations she uses are her own discoveries, and their results, as shown in numerous cases under her charge, have proved their efficacy. She has unusual success with cases of Consumption, Liver, Complaint, Jaundice, Rheumatism, Neuralgia, and Nervous Disorders.
